Date: 3rd January 2019

“Go green, recycling, eco-friendly” are trending words that we see everywhere. So, in the pursuit of positively impacting our environment and making a difference, what are the little initiatives that we can take up easily, to change the world, one person at a time?

Helping the environment by cycling is a great way. Cycling is taken up by adults and children of all ages for many different reasons. And, not only does it boost your fitness and health but it also works wonders as a stress buster and energiser.

To leverage the benefits of cycling and to encourage our students towards this activity, we are excited to announce “**Joy Ride on Bicycles**” at **Lokhandwala Back Road on Sunday, 13th January 2019.**

So, shine and sparkle your bicycles and gear up for our sustainable initiative aimed at enhancing physical fitness and making cycling a habit of choice.

This Joy Ride will be open to students from **Class 5 to Class 9.** It will **NOT** be a competition to the finish line but just a fun ride to create awareness to use bicycles in our daily lives. Each student to be accompanied by **one parent.** A **registration fee of Rs. 200 per student** is to be submitted to the respective class teacher in an envelope with the name & class/div of the student mentioned along with the registration form on **4th January 2019 or 7th January 2019.** Students are expected to be dressed in **Sustainable Development T-Shirts with Blue/Black track pants.**

Thanking You,

Yours faithfully,
