Our learning will help us to develop the IEYC Personal Goals of:

- Thoughtfulness

Our learning will also help to develop the IEYC International Dimension as children will learn about:

- The names, locations and contrasting aspects of children's home and host and/or contrasting countries
- The similarities and differences between children's lives
- Learning and playing with others beyond their immediate friendship group
- Applying the IEYC Personal Goals in various contexts In an environment that enables them to:
 - Develop knowledge and an increasing understanding beyond that related to their own nationality and identity.

We hope this IEYC unit of learning will help your child learn new knowledge, increase their understanding and develop new skills that they can demonstrate to you.

We will begin this theme on Thursday, **25th October 2018**.

As always, we welcome any support or suggestions, which you may have.

Warm Regards
